COLLABORATION

我们采用传统银盐工艺与数字输出相结合的方式：先通过专业校色确保肤色自然过渡，再选用博物馆级纯棉相纸进行输出。成品可装裱为无酸卡纸框件，适合画廊展示及私人收藏，确保作品具备长期保存的稳定性。

We blend silver gelatin processes with digital output: professional color calibration ensures natural skin tones, followed by museum-grade cotton paper printing. Acid-free matting delivers gallery-ready pieces with archival stability.
